Greetings from Hesston College!

We appreciate the important link you provide between your students and Hesston College, one of only a few private two-year colleges in the United States, and the **only** two-year Mennonite College in the United States. Thank you for displaying our enclosed poster in a place accessible to your students.

At Hesston College, our professors devote all of their time, energy, and financial resources to the needs of first- and second-year students. Through small classes - our faculty/student ratio is 1:12 - we work hard to help each student discover and exercise his or her full potential. Our student body, coming from 29 states and 10 countries, and our emphasis on global awareness in the classroom prepare students to live in a world of diversity.

This is an exciting time at Hesston College. Enrollment continues to increase as more and more students are choosing Hesston College to begin their college career. Graduates are then discovering that you can **"Start Here and Go Everywhere"**.

Our course catalog is available online at our web site: www.hesston.edu, under the Academics section. The **Admissions** section of our site offers online applications, forms to request information and schedule campus visits, a virtual campus tour, and other helpful information including the majors we offer and financial aid help. I invite you to check us out on the web!

If you or your students have any questions, or if you'd like to arrange a campus visit for a student, please call us at 1-800-995-2757, or e-mail us at "admissions@hesston.edu".

Sincerely,

Joel Kauffman
Vice-President of Admissions
