

# WELLINGTON School District

[www.usd353.com](http://www.usd353.com)

*Leaders of Innovative Future-Focused Real World Learning*

Today, we received notification that a USD 353 student at Wellington Middle School has tested positive for COVID-19. While we must protect the privacy of the student(s) involved, we believe it is best to communicate transparently with you so you can make well-informed decisions. Therefore, we have decided to notify the public of confirmed positive COVID-19 cases in our schools. We will provide a weekly update on the USD 353 website. The graphic will be posted on the right hand side of the page.

We are in constant communication with the Sumner County Health Department. They will conduct contact tracing and notify anyone affected. If there is a positive case in your school, the SCHED will determine if you are considered a close contact. You do not need to quarantine unless you are contacted by the SCHED. However, if you are exhibiting symptoms please stay home.

We will continue to work to provide quality education and learning opportunities as we keep the health and safety of our entire district and community as our highest priority. We thank you for your cooperation and support.

Thank you,  
Adam Hatfield  
Superintendent, USD 353
