

Dear Mackenzie, I have not forgotten about you!! I am so sorry for the delay, but I have finally been able to go on a few adventures with your flat Stanley. She took some time arrives, so I have therefore chosen to email my letter to you first because I am afraid that the letter may not reach you in time. I am so honored that you choose to mail me your flat Mackenzie, it means the world to me. I miss you too, and I hope you're during great and that Gabby is kind to you☺ My favorite book must be 'Pride and Prejudice' by Jane Austen because I think she writes so beautifully. Sadly, I do not think I know your favorite book 'Bad Kitty', but if it's your favorite then I am sure its good. I am 19 years old, and currently, I am on my last year at this pre-college school I go to, and on the side, I work as a waitress at a restaurant. I think the fact that you want to be a vet is great, is it such an important job, and I am sure you would be great at it. When I first received the letter I was quite surprised, because no I have never of the book 'Flat Stanley', but I think it's a really cool project since I got so lucky to receive a letter from you.

I did take flat Mackenzie on a couple of adventures around my town. I took her to my school, which you can see in the picture in the bottom of the left corner, and then to my church which is the building in the upper right corner. And afterward, we just walked around town. We had a lot of fun. Thank you so much, Mackenzie, for sharing your flat Mackenzie

with me, it was a lot of fun.

Love. Caroline Andersen.
