

## **Summer Music Madness!!**

Monday -Wednesday June 6th - August 8th @HS

This program is designed to keep students playing over the summer and to build ability and technique on their instrument. Each lesson is for 1 hour, once a week for 10 weeks. Each lesson starts with a small group warm-up then individual practice/lessons and closes with a playing test. At the end of the year, those students who are participating will set up goals for the summer and we will test through those goals.
